

The logo is enclosed in a red hexagonal border. In the center is a light blue beaker. Inside the beaker, a large, solid red circle is positioned. Numerous red and blue DNA double helix structures are shown emerging from the top of the beaker, some passing through the red circle. The text "extraChIPs" is written in a bold, black, sans-serif font, with the "extra" part to the left of the red circle and "ChIPs" to the right. The red circle partially obscures the "Ch" in "ChIPs".
